SUMMARY:

BIM Architect with hands-on experience in **Revit**-based **BIM** modeling, **GFC documentation**, and **3D visualization**. Skilled in coordinating multi-disciplinary teams, developing high-detail LOD models, and delivering accurate **architectural documentation** for Core-Architecture and Interior Architecture Design Section.

TECHNICAL SKILLS:

- **BIM:** Revit | AutoCAD | ACC
- **3D:** SketchUp
- **Rendering:** Lumion
- **2D/Graphics:** Photoshop

WORK EXPERIENCE (2023 -2025)

Architectural Intern - Parin Shah Architects | Nov 2022 - May 2023 (7 months)

- Created working drawings and developed design strategies for projects.
- Managed tasks for 2-3 projects simultaneously, ensuring timely delivery and quality.
- Contributed to project representation through high-quality rendering.
- Collaborated with consultants to refine and finalize project drawings.

Junior Architect - Archsigno Architects | May 2024 - Sept 2024 (5 months)

- Designed building elevation features. Conducted visualization work for architectural projects.
- Developed architectural building design strategies.
- Performed CAD Drafting for various projects.

Architect - Gigfactory Private Limited | March 2025 - October 2025 (8 months)

Mixed-Use & Commercial Projects - Vertical Department

- Contributed to large-scale commercial and interior design projects under strict NDA compliance.
- Developed and managed detailed LOD 400 Revit BIM models for interior design and architectural coordination.
- Supported design documentation, clash detection, and coordinated sheet production for site execution.

Executive Architect - Pinnacle Infotech | February 2025 - Present

- Coordinated with other disciplines to ensure model accuracy and as per design integration.
- Supported design documentation, and coordinated sheet production.

PROJECTS

Commercial Retail Complex (Vizag/Kerala, India) - BIM coordination and interior documentation for a large-scale mixed-use retail development; developed detailed LOD 400 Revit models and coordinated with MEP consultants.

Convention Center & 4-Star Hotel Complex (Lucknow, India) - Part of a national airport development; focused on architectural detailing, BIM documentation, and design coordination under NDA.

Area: +150,000 sq.m | LOD 400+ | Revit BIM Coordination

EDUCATION

Bachelor of Architecture - Kamla Raheja Institute for Architecture and Environmental Studies | 2019-2025
